*"Education is the most powerful weapon
which you can use to change the world."*

From the Desk of the Vice-President

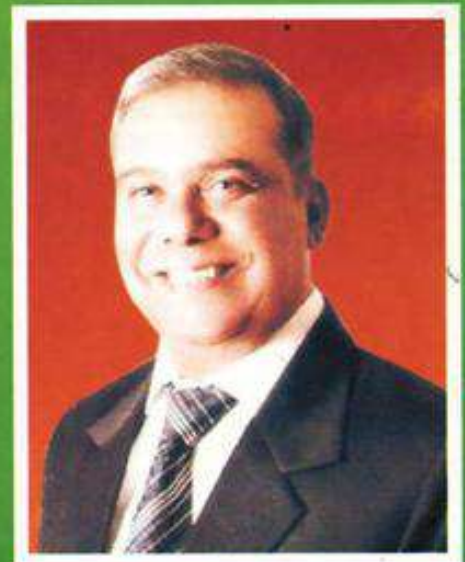

Dear students

Make your own way through indigenously discovered avenues. Things do not necessarily go your way. Feel through the obstacles which you happen to confront on your way to success. For it is the impediments, utmost effort and extreme exertion that make a success taste sweeter.

Keep a vigil on yourself and see to it that you do not behave with others the way you do not want to be behaved. Share with others the experiences you have unsparingly culled during your journey and inspire them to delicately gather their own experiences and pave new pathways which coming generations may use to take this dynamic humanity ahead.

Wishing you a bright future.

Suresh Chand Kaushik

education is life itself."*
